

SUPER-LIGHT JET - N111CM

Embraer Phenom 300E

The Pinnacle of Light Jet Sophistication

A paragon in the light jet category, the Phenom 300E balances luxury and performance like no other.

This class-defining aircraft, celebrated for its innovative design and outstanding performance showcases impressive speed, expansive range, and lavish amenities. Never again sacrifice quality and luxury for light jet efficiency. No detail is left behind; From its advanced avionics and safety awareness systems, to a spacious oval cabin, and cutting edge cabin entertainment features, this factory-delivered Phenom 300E will make you question why you ever flew anything else.

It's time to elevate your travels.
